## PROFESSIONAL SUMMARY

Detail-oriented Web Developer with 2 years of experience in developing and maintaining web applications using PHP Laravel, JavaScript, and MySQL. Enhanced system functionality and user satisfaction by resolving bugs and implementing customizable features, contributing to a seamless user experience. Seeking opportunities to leverage technical skills in PHP and JavaScript to drive innovation and improve web application performance in a collaborative team environment.

---

## EXPERIENCE

### Junior Web Developer

One Document Corporation

October 2023 - Present, Quezon City

- Developed and maintained enterprise-grade HRIS web applications using PHP (Laravel), JavaScript (jQuery), and MySQL.
- Resolved 50+ logged bugs and feature issues, improving overall system stability and reducing user-reported errors by 30%.
- Designed and implemented customizable file viewing and PDF printing modules, allowing administrators to tailor reports and data exports based on business requirements.
- Wrote and optimized complex MySQL stored procedures to handle payroll, timekeeping, and attendance data processing, improving query performance by 40%.
- Collaborated with a 2-member backend team in version control workflows using GitHub, ensuring smooth merges and version synchronization across multiple deployments.
- Integrated a REST API to fetch attendance data from the company portal, streamlining HR workflows and reducing manual processing time.

### IT Intern (Website Testing and Improvement)

ZenGages

May 2022 - July 2022, Bengaluru, India

- Performed comprehensive cross-device and cross-browser testing on 10+ environments to identify and document front-end compatibility issues.
- Collaborated with a 6-member intern development team to reproduce, prioritize, and resolve UI/UX bugs, improving site responsiveness and user flow.
- Participated in daily stand-up meetings, providing insights and feedback that enhanced feature quality and deployment readiness.
- Utilized browser console logs and debugging tools to isolate defects, contributing to faster issue resolution and reduced regression cases.
- Documented usability observations and suggested actionable design improvements that improved overall user satisfaction.
- Executed structured test cases for new features, logging results and discrepancies to ensure strict compliance with functional specifications.

---

## EDUCATION

### Diploma in Information Communication Technology

Polytechnic University of the Philippines • 2019 - 2022

### Senior High School

Gumaca National High School • 2017 - 2019

---

## SKILLS

HTML, CSS

jQuery, PHP

React, Tailwind, Bootstrap

Laravel

REST API

MySQL, GitHub/Version Control

Web-based reporting using PHP/Laravel, Communication Skills, Problem Solving Skills
